OLA – Information for MQE Students

Section 2 - Sending Institution Information

➔ Faculty/Department: Economics
➔ For name of responsible person see website: https://www.student-exchange.econ.uni-muenchen.de/contact/index.html
➔ Position: Exchange Program Coordinator
➔ Email: exchange@econ.lmu.de

Section 4 - Proposed Mobility Programme

All courses you will be attending at your host university must be listed in Table A. Due to the structure of the MQE curriculum, elective modules cannot be automatically recognized. Elective courses therefore must not be named in Table B, instead they have to be listed in Annex II (see Moodle course "Erasmus Outgoings akademisches Jahr 20XX/XX" for document).

Please see below examples for 1. the recognition as compulsory module, 2. the recognition as elective module and 3. no recognition.

1. Compulsory Modules: Courses, which will be recognized as compulsory modules at LMU

➔ Fill in Table A with information as given by the receiving institution
➔ Table B:
   o Component title as given by the receiving institution AND indicate in brackets that it is a compulsory course AND as which compulsory module the course will be recognized: [Course title] (Economics Compulsory Module: [Name of CM])
   o Component Code: CM

Example: The course "Econometrics I" will be recognized as the compulsory module "Econometrics: Regression Analysis"

➔ *Component title in table B: Econometrics I (Economics Compulsory Module: Econometrics: Regression Analysis)*

➔ *Component code in table B: CM*

2. Elective Modules: Courses, which will be recognized as elective modules at LMU

➔ Fill in Table A with information as given by the receiving institution
➔ As Table B cannot be left empty, please fill in:
  - Component title: Elective Modules – Advanced Topics
  - Component code: EM
➔ Since you cannot remove the checkmark on "Automatically recognised towards student degree", the exchange office must take over this step. To do so, your first submitted OLA will be rejected indicating that the course will not be automatically recognized due to the structure of the MQE. Unfortunately, you then have to submit the OLA again.
➔ In addition, you have to fill in Annex II:
  - List all elective courses
  - Indicate by "other" that the course cannot be automatically recognized
  - State at "Anderer Grund/Kommentar": The course was selected in coordination with the mentor of the MQE advanced topics section. The mentor examines the student orally on the agreed focus are/courses after the stay abroad.

Example: The course "Empirical Industrial Organization" will be recognized as an elective module

An "educational component" is a self-contained and formal structured learning experience that features learning outcomes, credits and forms of assessment. Examples of educational components are: a course, module, seminar, laboratory work, practical work, preparation/research for a thesis, mobility window or free electives.

Component Code *   Number of ECTS credits (or equivalent) to be awarded by the Receiving Institution upon successful completion *   Semester *

ECON123   6   First semester (Winter/Autumn)

ECTS credits (or equivalent): in countries where the "ECTS" system is not in place, in particular for institutions located in Partner Countries not participating in the Bologna process, "ECTS" needs to be replaced in the relevant tables by the name of the equivalent system that is used, and a web link to an explanation to the system should be added.
